

Tiempo Cuba

Original compositions and recordings powered by raw live energy — son, timba and Latin jazz. From Scandinavia to stages worldwide.

About

Founded in 2017 by Cuban musicians based across Scandinavia, **Tiempo Cuba** is one of the region's most dynamic and energetic salsa bands. Between them, the members have played with some of the biggest names in Cuban music — a depth of experience and authenticity that meets in the band's fusion of Cuban music and jazz.

With original compositions and recordings, Tiempo Cuba brings its own voice to clubs, festivals, concert halls and cultural venues across Denmark, Scandinavia and internationally.

Son · Guaracha · Bolero · Timba · Latin Jazz · Afro-Cuban fusion — a broad spectrum from the timeless roots of Cuban music to its most modern trends.
